

NOVEMBER 3RD
RE-ELECT
GREG MCLEMORE

WARD 3 City Councilman

Early Voting Begins September 18th

If I want to ask for your vote, you deserve to ask me, who I am and what do I stand for. Any candidate that ask for you to vote for them should be prepared to answer those two basic questions.

First, I am Greg McLemore, I live on Madison St. I have lived in Franklin on and off for over 50 years. During that time, I also lived in many cities across the country in my 20-year professional broadcasting career in corporate America. My passion is politics and you can learn what I stand for and what I have done for Ward 3 and Franklin in my 16 years on city council by clicking the QR code below. I know Ward 3 deserves **Experience, Intelligence & Pride.**

Hold Council & City Management accountable for **Utility bills, Jobs & businesses, drinking water, high taxes & diversity in hiring practices. YOUR VOTE, YOUR CHOICE**

Paid for by Greg McLemore for City Council

Voice for the People	A+
Voting Record	A
Political Science	A
English	A
History	A
Debate	B+
Stand up for all the people	A-

GPA 3.8 OF 4.0

This report card reflects important values that a leader needs to bring to the table as well as learn on the job.

Experience is important in any field. **Attendance** is important to have **a voice for the people**, as well as your Ward. Your **voting record** shows if you are for the people or the institution. A passion for **Political Science** is the knowledge of politics and how government works. The people deserve a representative that understands, read and speak good **English**. knowing **history** is how you avoid making mistakes from the past. Healthy **debate** makes for good government. I will **NEVER** go along **JUST to get along**. All change is not good change. We should never change from having a voice to having someone who has no voice or never used it to speak up for anyone or anything EVER! In `45 years. Your choice is clear, vote friendship or **EXPERIANCE, INTELEGENGE, AND PRIDE**

While you vote once, maybe twice a year. The job of a City Council person is to vote on different issues that affect YOU every TWO WEEKS. It is the MOST important thing a Council person does on Council. I will **never “vote just to go along just to get along”**. However, I can say with pride that I NEVER vote against the people, for the city. My motto has been and still is today, “I don’t work for the city, I work for you” and when I vote I do my best to vote the way you want me to vote. Not the way my colleagues vote, or people pressure me to vote. I vote the way I believe the citizens of Ward 3 want me to vote. Experience has taught me that to vote properly, you must be present and have intelligence beyond changing a tire or tinkering with an engine. You need to know when you’re being used against your own people to the benefit of the rich and powerful. I study Political Science, history, so that you don’t have to. I stand by my voting record to not increase taxes and fees, to stop wasting your tax dollars. To seek new jobs and never stop trying to figure out how to lower utility bills. Our children and your vote are our future, use it wisely, **Proven True, To the People, For the People**. November 3rd send Experience, Intelligence, and Pride back to City Council, Vote for Greg McLemore for Ward 3
